

Where Virtual is the New Reality™

6Connex is pioneering innovative virtual experience technology that enables businesses and individuals to virtually connect and engage anytime and anywhere.

We're dedicated to providing emerging virtual experience marketing channels that combine viral content distribution with true social engagement technology. Because in this new time of marketing, virtual is the new reality.

Virtual Experience Platform

The Virtual Experience Platform connects people to brands and each other to generate loyalty and strong word-of-mouth marketing. This uniquely advanced Platform creates and hosts 3D virtual tradeshows, conferences, seminars, events and more. For marketers, the benefits include faster time to market, greater marketing ROI, instant global reach, precise behavioral metrics, and an extremely reduced carbon footprint.
