

Job Title: Senior Financial Analyst

Department: G&A
Reports To: CFO
Employment Type: Full-time

SUMMARY

6Connex is experiencing rapid growth and is seeking a Senior Financial Analyst to join the team. The Senior Financial Analyst will be a critical thinker, problem solver and reporting expert leading FP&A duties and interfacing collaboratively and efficiently with team members and leaders across departments to assess and analyze data and reporting needs. From monthly variance analysis and reporting, quarterly forecasting, scenario modeling, preparation of the company's annual budget and everything in between – you will be an integral part of the Finance and Accounting team. In addition to some serious modeling, analysis and financial reporting you'll need the ability to nurture important relationships and continuously seek areas of improvement. This role will participate in M&A activities and provide business insight throughout the organization to drive informed decision making. The ideal candidate will have previous experience at a SaaS company and be an enthusiastic self-starter with advanced excel skills. The position will report to the CFO.

6Connex is a leader in virtual events software and we are growing fast! To fuel that growth we are looking for the best and the brightest to join our ranks. The pace is fast and the future is exciting. We are looking for someone who is ready to put their energy and experience to work and make an immediate impact. The Senior Financial Analyst will play a central role building models to provide meaningful forecasts.

ESSENTIAL DUTIES AND RESPONSIBILITIES

- Develop and maintain financial models and forecasts to assist with decision making, planning and reporting
- M&A scenario modeling and analysis
- Lead preparation and review of the company's annual budget process in consultation with departmental leaders
- Prepare and review monthly reporting packages with budget managers covering variance to budget and forecast
- Provide financial analysis to support the evaluation of strategic initiatives and key business decisions
- Drive reporting automation and manage KPIs in a dashboard format
- Perform detailed analytical modeling including summarizing large amounts of data to determine trends and projections
- Develop standardized reports and insightful analysis for the leadership team
- Act as a trusted business advisor to the departmental budget owners to understand expense forecasts and inputs during the annual budget and reforecasting processes
- Assist in the development of financial presentations including preparing schedules and analysis
- Identify and execute on process improvements and automation
- Other projects and tasks as required

QUALIFICATIONS AND REQUIREMENTS

- 4-7 years of experience in a corporate finance role
- Previous experience at a SaaS company
- Expert-level excel skills
- Top-notch analytical and problem solving skills with the ability to question model outputs
- Ability to work in a fast paced, rapidly changing environment while maintaining a commitment to meeting deadlines with accurate, relevant and timely analysis and insight
- Significant experience developing financial models at a SaaS company with heavy revenue modeling
- Strong understanding of budgeting, forecasting, financial statements and accounting principles applicable to a SaaS company
- Master's or Bachelor's Degree in business administration, finance or closely related discipline
- Proven ability to operate independently and manage competing priorities
- Exceptional organizational, time-management and prioritization skills
- Excellent verbal and written communication and interpersonal skills

LOCATION

The position is located at offices in the Tech District in beautiful downtown San Antonio. Strong candidates that are remote will also be considered. We offer competitive compensation, great career growth potential, and a comprehensive benefits package.
